TRADE ADVICE.

You'd scarcely expect one of my age, in merchandising to engage and hope to get a paying trade without the local paper's aid. And yet I did that very thing; I opened up a store last spring—this month the Sheriff took my stock and sold it at the auction block. Don't view me with a scornful eye, but simply say as I pass by: "There goes a fool who seemed to think he had no use for printers' ink." There is a truth as broad as earth and business men should know its worth; 'tis simply this: The public brings its goods from those who advertise. —Polk (Neb.) Progress.

THE New York World, TILLMAN and JOE BAILEY are no doubt much mystified that the Roosevelts, father and son, are using their rifles and cameras more effectively than the typewriter. Whether in the White House or in the African jungles, Mr. ROOSEVELT has a way of doing things which is always honest and always interesting to the whole world. Can his traducers say as much?

THE statement that the world's death roll from the wars since the dawn of Christendom, totals the stupendous number of 15,000,000,000 is so stupefying that it completely palsies the human understanding.

Terrible Toll of the World's Wars
No one can fathom the meaning of it, and who can place the responsibility? Can hell itself offer anything to equal the killing and the maiming of such an innumerable number of humanity, not to speak of the thousands of billions of widows and orphans and the consequent indescribable suffering and poverty?

SHERMAN said "War is hell," and anybody could have said that, because it is so true and apparent.

And the worst of it all is that war is necessarily inevitable—not necessary, but inevitable. Self-defense is the primary law of nature and as long as the primal law of brute force reigns over the God-given precepts of the Golden Rule and brotherly love, we may well expect the carnival of slaughter to go on to the end of the chapter.

When one thinks of the horror of it all we may well say what a lot of rot it is to hear a person spout of patriotism and the glory of the field of battle.

It's an awful price to pay, too, for a few brass buttons and a few yards of piebald bunting. But still we all love "Our Flag" and are ready to fight for it at the drop of the hat. And there you are.

A Fragment of Early History

To The Public Ledger: The following was published in THE MAYSVILLE PUBLIC LEDGER a short time ago:

MASON COUNTY HISTORY

Interesting Article of Pioneers of This Section

Mr. John Cochran is building a new residence near the city. The one superceded is the old Mefford house, having been in that family for perhaps seventy-five years, and one of the old landmarks of that section. John Mefford, the elder, was a very eccentric and peculiar man, though a most honorable and good citizen. One of his beliefs was that he would never die, and he was invariably pointed out as the man who believed this; but the old fellow passed away in due course of time, regardless of his opinion. It isn't remembered whether he had time to change about the matter or not. The old people were a most worthy couple, and regular attendants at the Baptist Church at Washington. Mrs. Mefford was a widow when she married Mr. Mefford, and was the mother of Mrs. Poe, wife of the late "Squire Tom Poe, and of "Jack" McNeill, known and highly regarded by almost every one in the county those days. Mrs. Evans, who moved to Burlington, Iowa, many years ago, was another daughter of the former Mrs. McNeill. Her descendants are still living there, it is understood, and respected, prosperous people. Her daughters were as accomplished and beautiful girls as were to be found in the county of Mason.

John Mefford never held any such belief. He was one of the founders of the Baptist Church at Washington, but did not subscribe to its Missionary doctrine and withdrew by letter, which he placed with the old Stonelick "Hardsbell" Church.

He was a close student of the Bible and had memorized much of it.

What he did believe was that the end of the world was not far away, and his continual prayer was that he might live to see the Millennium.

It may be interesting to Mason county historians to know that John Mefford was the first white male child born in Mason county.

He was born in the old block house fort, or stockade, December 4th, 1786.

The Cochran farm is a part of the original Mefford grant secured by George Mefford from Virginia.

In those days Mason county was a wilderness inhabited only by Indians.

About 1788 a party of settlers established one of the first colonies in Northern Kentucky outside the Limestone blockhouses at Mefford Station, about half a mile North of the present Cochran residence. Beside George Mefford and his family, the settlement was composed of the Warrens, the Blanchards, the Blairs, the Masters, and other families were also banded together for defense against the Indians.

As the Red Men disappeared, these settlers dispersed to their various land grants, and George Mefford, in conjunction with the father of Robert Blanchard, burned a brick-kiln and made enough brick to build a house for each. These two were among the first brick houses constructed West of the Alleghany Mountains.

George Mefford's house was located about 50 feet South of the house Mr. Cochran has just dismantled.

George Mefford died in 1814, and that portion of his grant, consisting of the homestead, went to his son John.

John was married in 1817 to Jane Blair, daughter of Joseph Blair, who then owned the Alfred McAten place.

Displeased with the arrangement of the brick house, John Mefford tore it down and with the material constructed the Cochran house.

The timbers were gotten out by hand on the farm and the nails and other hardware were all hand-forged at the same place.

John Mefford's descendants were all the children of his first wife, Jane Blair. They were Joseph, Nathan and Robert S. Mefford, Mrs. Mary Pardon and Mrs. Adaline Porter.

His second wife was Mrs. Nancy McNeill of Washington. She was a consistent member of the Methodist Church and never attended the Baptist.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance.

It is impossible to do this without retaining a "luxurious growth" of hair. The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpicide makes an elegant hair dressing as well as Dandruff cure.

FIRST INSTALLMENT

Eleven Transom Windows Placed in Position at New St. Patrick—First-Class Art Glass

Eleven transom windows of first-class art glass were put up in the new St. Patrick's Church Tuesday. They were designed and executed by J. B. Alberts of Louisville. The emblems of all the Societies belonging to the Church are represented; also, emblems symbolical of the Holy Spirit, the Blessed Sacrament and Our Blessed Lord as the Meek and Humble Lamb bearing the burden of our sins.

The artist, J. B. Alberts, has succeeded in an admirable manner in pleasing the Pastor and people in his work. Too much cannot be said in praise of this beautiful work of art. Mr. Alberts has the thanks of all concerned—Total Abstinence Society, Knights of St. John, Knights of Columbus, Altar Society, Young Ladies' Sodality, Children's Sodality, Ladies' Catholic Benevolent Association, as well as the Pastor, his emblems—the Cross, Harp and Shamrock, the Sacred Heart, the Pelican and Dove.

The donors of the windows were all the Societies of the Church, Mr. Lud Mills, a very dear friend of Father Jones, Jack Conghlin, Miss Eyl and the Pastor, at an additional cost of \$510 to the already large sum expended on the building, all of which is paid—no debts.

Another honor for dear old Maysville and her good people.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

Anent the building of new streets in this city, a resident would like to know why some of the improvements are not made to move Westward, for a change.

What more important stretch of street than that of West Second from Wall to the C. and O. Depot? We limit the distance to the Depot, because it is at that point that so many strangers first see Maysville, and, generally, after wandering through the "handsome" Depot, grounds and that beautiful dump, they are either blinded with a cloud of dust or sickened by the sight of a sea of mud in that otherwise beautiful residence section of the city.

What do you think, gentlemen of the Council, would be your impression of a place if the streets were in no better condition than is Second, West of Wall, on an average of ten months in the year?

Surely the thoroughfare is as much traveled as is Front street, where improvement is contemplated.

Think the matter over, and if there's to be more brick streets let the Western part of the city share some of the good things.

Danderine

Grows Hair

and we can

PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair; and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows: "When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J. "I have been using Danderine regularly. When first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation, regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

Don't Make a Mock- Sacrifice

The duty of dressing well is, primarily, a business one. Secondly, it is a question of self-respect and good taste. No worth-while consideration urges for carelessness in dress. It is not "economy;" it is not "self-sacrifice" for one's family, for it would be a mock sacrifice; it is not to be condoned on the plea that one is "too busy" with more important things, for there are not many things more important.

The New Spring Suits are all in—\$10 to \$25. New Hats \$2 and \$3. New Belts 25c to \$1.50.

BURDENS LIFTED

Backache is a heavy burden; Nervousness wears one out; Rheumatic pain; urinary ills; All are kidney burdens—Daily effects of kidney weakness. No use to cure the symptoms; Relief is but temporary if the cause remains. Cure the kidneys and you cure the cause. Relief comes quickly—come to stay. Doan's Kidney Pills cure kidney ills. Prove it by your neighbor's case. Here's Maysville testimony: The story of a permanent cure: William H. Paul, 333 East Third street, Maysville, Ky., says: "For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon brought me relief. I cheerfully endorse this remedy as one that lives up to the claims made for it."

The above statement was given on December 13th, 1904, and on February 6th, 1905, Mr. Paul added:

"My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been lasting and I am now in good health."

1100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.
